Re: Reclamation Criteria, Lopez Investment, Mineral Mountain #1&2, S/001/007, Beaver County, Utah

Dear Mr. Lopez:

On April 13, 2000 I meet onsite with Mr. John Blake and Mr. Fred Lopez to discuss the reclamation requirements for the Mineral Mountain #1 and 2 Pumice mine. Three items were agreed to in order to finalize the reclamation of the site. They are as follows:

1. Regrade the piles of pumice on both ends of the upper pad to blend in to the hillside and form a berm to prevent runoff from running down slope.
2. Regrade, then scarify and reseed the upper pad.
3. Scarify the access road and reseed any areas where vegetation is lacking. If the seed is broadcast then it needs to be raked in so there is some soil to seed contact.

Thank you for your cooperation in finalizing the reclamation on this site. If you have any questions regarding these requirements please call me at 538-5321.

Sincerely,

A handwritten signature in cursive script that reads "Thomas Munson".
